

Are you staying in touch with your class during the week?

Teacher - Shepherd of the Class Teaching is more than telling Bible stories to students around a table. Like a shepherd, The teacher should be concerned about the total care of the student. A Sunday School teacher is responsible for the spiritual care of the pupils.

WORK OF A SHEPHERD

- LEADS THE FLOCK
FEEDS THE FLOCK
PROTECTS THE FLOCK

Leading

The greatest influence is the result of leading by example. 'Follow Me.'

Feeding

While good Bible teaching will not guarantee your class will grow, poor teaching will hinder their growth.

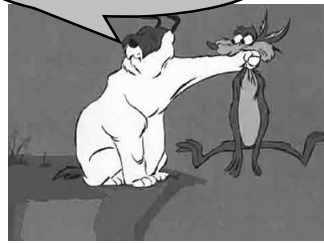

Protecting

Visiting your class protects them from backsliding. Absenteeism is a door to backsliding. Your students need to hear from you sometime during the week.

'The Sound of His Master's Voice'

'Pastor, this one smells funny!'

'Keep Your Purpose Straight'

Win the unsaved

The Sunday School must be a Soul-winning organization.

Baptize the saved

We must instruct them in this step of obedience.

Teach the Word of God

They have not learned if they don't understand. Teach on their level.

Promote faithfulness

The best organization to stress the importance of being in God's house is the Sunday School.

Encourage worship

We must have a time to worship God. Nothing must interfere.

Teach good stewardship

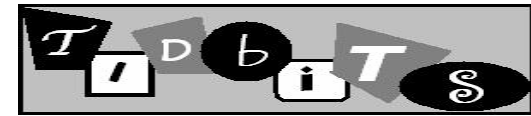

We must teach responsibility before God.

Reach the family

The greatest opportunity to reach all the family is the Sunday School.

- Clarence Sexton

'They don't care how much you know until they know how much you care.'
